

# Booth option

## RAW SPACE (minimum 18sqm)

Ideal for exhibitors who wish to build their own concepts

## SHELL SCHEME (minimum 9sqm)

Shell scheme includes:

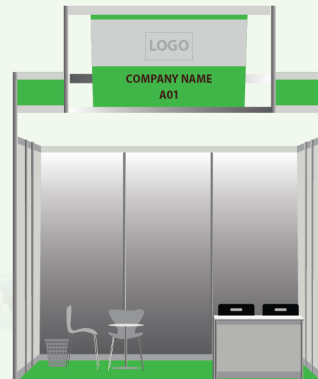

- Wall partition of 2,5 height in white laminated panel
- Fascia with Company name and booth number
- Carpet
- 2 Fluorescent tubes 40W
- 1 Information counter
- 2 Folding chairs
- 1 Socket 5 Amp/220V
- 1 Waste basket

## PREMIUM BOOTH (minimum 9sqm)

Premium Booth | Shell Scheme includes:

- 1 x information counter
- 2 x folding chair
- 1 x round table
- 2 x fluorescent lights
- 1 x power socket
- 1 x waste basket
- 1 x front fascia digital print
- Carpet

## Venue Information

Saigon Exhibition & Convention Center (SECC) is the largest exhibition hall in the Southern region of Vietnam, with infrastructure built to international standards and regulations, located in the heart of District 7, Ho Chi Minh City, it is only 15 minutes from the city center and 30 minutes from Tan Son Nhat International Airport.

**Address: 799 Nguyen Van Linh, Tan My Ward, Ho Chi Minh City**

# Overview of the Exhibition

BioTech Vietnam 2026 – Vietnam International Exhibition on Biotechnology for Agriculture and Livestock is a specialized international-scale event that brings together enterprises, research institutes, scientific organizations, and providers of advanced technologies and solutions in the field of biotechnology applied to agriculture and animal husbandry.

The exhibition focuses on showcasing innovative technologies, products, and solutions in areas such as breeding and genetics, nutrition, vaccines and veterinary medicine, biological products, disease management, sustainable production, and productivity enhancement.

BioTech Vietnam 2026 serves not only as a platform for technology display and promotion, but also as a hub for business networking and professional exchange, contributing to the advancement of a modern, safe, and sustainable agricultural and livestock sector in Vietnam in the context of international integration.

## Market Overview

- The global biotechnology market is projected to grow significantly from approximately USD 1.8 trillion at present to over USD 3.8 trillion by 2030, representing an average annual growth rate of more than 13%.
- This strong growth trajectory is creating substantial opportunities for technologies related to agricultural biotechnology, gene editing, new crop varieties, veterinary vaccines, and other biological products.

## High-Growth Opportunities in the Vietnamese Market

- Although the current market size in Vietnam remains relatively small, it is experiencing rapid growth driven by global biotechnology trends.
- The broad application of biotechnology in agriculture, livestock production, crop breeding, and veterinary medicine is generating diverse investment opportunities.
- Government policy support and increased R&D investment are opening up significant opportunities for domestic biotechnology enterprises as well as international collaboration.
- The global shift toward sustainability and green value chains is positioning biotechnology solutions as a priority in the development strategies of Vietnam's agriculture, forestry, and fisheries sectors.

## Exhibitor's Profile

- Plant Biotechnology
- Animal & Aquaculture Biotechnology
- Plant Tissue Culture & Micropropagation Technologies
- Biotechnology Applications in Sustainable Crop Production
- Precision Agriculture & Biosensor Technologies
- Probiotics, Biological Additives & Animal Nutrition
- Animal Genetics, Breeding & Embryo Preservation

- Laboratory Equipment & Genetic Analysis Technologies
- In Vitro Culture Facilities & Systems
- Vaccine Production Technologies & Biological Products
- Fermentation Systems, Bioreactors & Bioprocess Purification Technologies

- Gene Sequencing, PCR & DNA/RNA Analysis Solutions
- Bioinformatics Software & Genetic Data Management
- Biological Diagnostic Equipment & Veterinary Testing
- Rapid Test Kits, ELISA & Antibody Technologies

- Research Institutes, R&D Centers & Laboratories
- Universities & Specialized Training Institutions in Biology and Agriculture
- Biotechnology Experts, Scientists & Technicians
- Government Authorities & Specialized Organizations
- Agriculture, Livestock & Biotechnology Associations
- Investors & Investment Funds in the Biotechnology Sector
- Laboratory Equipment & Biological Analysis Solution Providers

- Biotechnology Manufacturers & Application Companies
- High-Tech Agricultural Enterprises
- Industrial-Scale Livestock Farms & Aquaculture Operations
- Crop, Livestock & Aquaculture Breeding Companies
- Vaccine, Veterinary & Biological Product Companies
- Animal Feed Producers & Biological Nutrition Companies
- Biotech Startups & Innovation Companies
- Biotechnology Distributors, Agents & Traders

## Visitor's Profile
