VIETNAM 2026

OVERVIEW

Agri & Biotech Vietnam 2026 took place from June 10-12, 2026, at the Saigon Exhibition and Convention Center (SECC) in Ho Chi Minh City, Vietnam.

Serving as a premier industry platform, the exhibition brought together leading enterprises, experts, and stakeholders to explore the latest advancements in agricultural technology and biotechnology.

The event acted as a dynamic hub for fostering international cooperation, facilitating high-value B2B connections, and promoting innovative solutions that support the sustainable development and global integration of the agricultural and biotechnological sectors.

TESTIMONIALS

MS. LE THI KHANH, INTERNATIONAL BUSINESS - UNIFARM JSC

“ This is Unifarm's first time participating in Agri & Biotech Vietnam, and we are truly impressed by the organizer's professionalism and dedicated support for exhibitors throughout the event. We received a great deal of interest from visitors at our booth and have successfully secured several orders during the exhibition. We will certainly continue to participate in this expo in 2027. ”

MR. LAI TUAN KIET - MARKETING MANAGER - HUSK VIETNAM

“ HUSK Vietnam is delighted to participate in Agri & Biotech Vietnam. The exhibition attracted a large number of visitors from both Vietnam and abroad. We received significant interest from Vietnamese customers as well as international visitors from countries such as Indonesia and Malaysia. We are very satisfied with the exhibition and look forward to continuing our support for this show in the years to come. ”

MR. KIM - CHIEF TECHNOLOGY OFFICER - EVERGREENPLUS CO.,LTD

“ I am very impressed with this year's exhibition. I found that a wide range of agricultural and biotechnological sectors were comprehensively represented here. We are from South Korea and came with the goal of connecting with Vietnamese customers. Over the past three days, we have had more than 20 highly productive B2B meetings. I believe that Agri & Biotech Vietnam is an excellent exhibition for international companies looking to enter and expand in the Vietnamese market. ”
